**Why do I need to come?** To learn about and understand the topics listed above and why these are important for all ages. You should complete these documents when you are healthy and have the time to think about them before you make the decisions. It will ease the stress and pressure to learn about these documents and complete them before the crisis. When you are in the crisis, then you can apply the principles concerning these documents to the situation.

**Who should come?** All adults should attend. Unfortunately accidents can happen at any age and people need to make their wishes known on a legal document in order for their wishes to be carried out. Don't wait for the crisis!!!

On-line registration will help us plan but please come if you are not registered.  
If you have any questions, please contact Shirley Brown at 920-542-8781 or church office at 920-563-4730.
